

Giving, at the speed of a tap

For hospital foundations and nonprofits. Your donors stopped carrying cash. Tip Box Mini gives them a way to give in about five seconds, right where they already are.

Lobbies, waiting rooms, gift shops and donor events all share one problem: the moment someone wants to give, there is nothing to give with. Tip Box Mini is compact and cordless, so a tap-to-give point can sit on any desk, counter or gala table.

Larger gifts

Card and phone donors aren't limited to the cash in their pocket. Suggested amounts make generosity easy.

Place them anywhere

Reception desk, gift shop, gala table. Battery-powered on its cradle, so no outlet is needed where donors stand.

100% to your cause

Donors can add the processing fee to their gift, so every dollar you intended reaches the mission.
